# Agenda | Thursday, February 8, 2024

MIND Education, the creators of ST Math, is inviting YOU to this exclusive discussion with school administrators, district administrators, and ST Math Champions from around the country! This year's ST Math National User Conference titled, "Everyone Learns by Doing" will feature speakers ranging from education thought leaders to dedicated Users like you. Come join us to engage with Administrators and ST Math leaders from across the nation and gain valuable leader-centered insights to enhance math learning at both school and district levels.
