

1

**I MAKE LEARNING
ACCESSIBLE**

Through activities that
remove learning barriers

2

**I ENCOURAGE
LEARNING
FROM MISTAKES**

Because failure can
be productive too

3

**I INSPIRE
CREATIVITY**

By challenging students
to find multiple solutions
to a problem

4

**I HELP BUILD
CONCEPTUAL
UNDERSTANDING**

Through experiences where students
can see how and why a particular
math formula or procedure works

5

**I FACILITATE
TRANSFERENCE**

By providing opportunities
to apply learned concepts in
different situations and contexts
