

Join us for professional learning designed to help you learn more about ST Math and drive an effective, impactful implementation at your school or in your classroom!

If you are unable to attend live and would like a recording of the workshop or additional info, please contact Melissa Galban, Education Success Manager, at mgalban@mindresearch.org.

Introduction to ST Math (for Administrators)

For all administrators, coordinators, and coaches **NEW to ST Math**

Learn more about:

- How learning occurs in ST Math (our spatial temporal approach)
- Creating a Jiji culture with best practices
- Implementation monitoring – setting goals and using data
- Coaching and support – what’s available to you and your team

Wednesday, Sept. 15	3:30 - 4:30pm	CLICK HERE to register via ZOOM
Thursday, Sept. 23	9 am - 10am	CLICK HERE to register via ZOOM

Maximizing your ST Math Implementation (for Administrators)

For all administrators, coordinators, and coaches **with previous ST Math experience**

Learn more about:

- How ST Math develops conceptual understanding of math for students
- What’s NEW in ST Math this year
- Creating a Jiji culture & celebrating success
- Using data & reporting for best results with ST Math

Thursday, Sept. 16	10 am - 11am	CLICK HERE to register via ZOOM
